The 16th **GALWAY FILM FAIR** will take place from **July 12-14, 2012** during the Galway International Film Fleadh (festival). The GALWAY FILM FAIR is a three day event and offers a unique opportunity to meet with the world's leading financiers in an intimate and informal atmosphere, allowing new talent to be discovered and long term partnerships to be made.

The Fair co-ordinates **pre-scheduled meetings** between filmmakers with pre-selected projects and invited film financiers, sales agents, distributors and major producers. Priority is given to projects which have a finished screenplay available and a percentage of development and/or production finance in place.

Besides one-to-one meetings participants are also able to take part in: **Networking Breakfasts, Seminars** and **The Real Deal** – an annual round table debate attended by international financiers, sales agents, distributors, film festivals, producers and other industry delegates.

The GALWAY FILM FAIR'S unique selling points include:

- Transatlantic Bridge
- Intimate and informal atmosphere
- Privileged access to the World's leading decision makers
- Showcasing new Irish and European cinema to leading film buyers, distributors and festival programmers

EAVE partnership

Up to 6 EAVE producers with English language projects from all European countries are selected for the GALWAY FILM FAIR every year. The festival covers the cost of accommodation for 3 nights and waives the entry fee for the Film Fair. Priority is given to feature films or projects which have a finished screenplay available and a percentage of development and/or production finance in place.
