The goal of the **RENCONTRES DE COPRODUCTION FRANCOPHONE** is to enhance co-production of feature films in French language.

With **interactive discussions** and **individual meetings** between producers and industry professionals, the RENCONTRES DE COPRODUCTION FRANCOPHONE offers multiple possibilities of meeting producers, financial partners, distributors, broadcasters, sales agents in order to further develop their projects and complete the financing of their films.

The programme will include a **Case Study**, a **Pitching Session** of 20 selected projects looking for co-producers. A series of one-to-one meetings are organised between producers and the attending professionals. Participants are coming from Quebec/Canada, France, Luxembourg, Belgium, Switzerland and other francophone countries.

The 8th edition of the RENCONTRES DE COPRODUCTION FRANCOPHONE is organised by SODEC (Société de développement des entreprises culturelles) with support from Centre du cinéma et de l'audiovisuel de la Communauté française (Belgium), Wallonie Bruxelles Images (Belgium), Centre National de la Cinématographie (France), Film Fund Luxembourg (Luxembourg), Office Fédéral de la Culture (Switzerland), SwissFilms (Switzerland), Téléfilm Canada (Canada), TV5 Monde, and the participation of ACE and EAVE.

### **EAVE partnership**

EAVE producers can apply with projects and the selected projects will be prepared for the one-to-one meetings and public pitching under the guidance of an EAVE expert.
